

KDHE SVPE Community Grantee Webinar

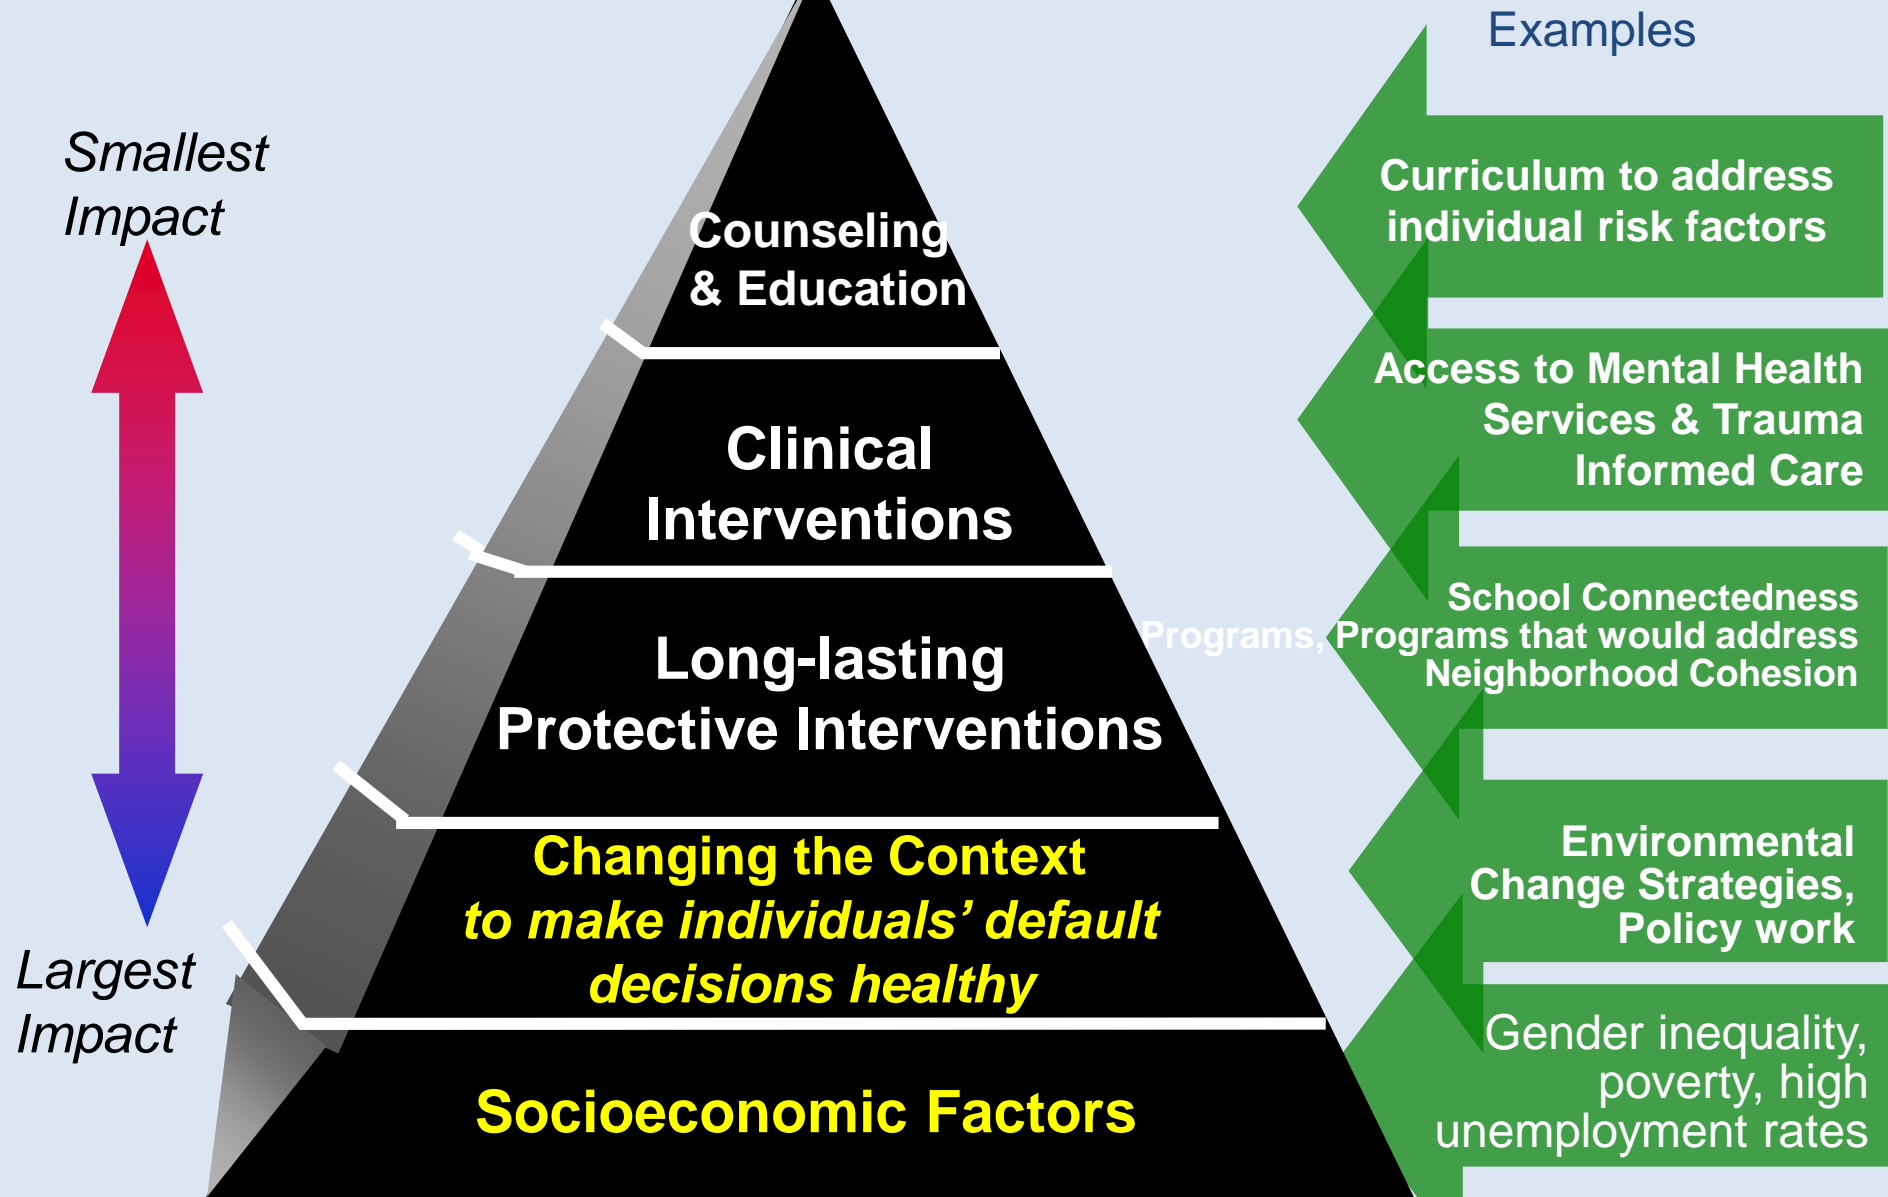

Purpose of the Funding?

- To provide funding for a current community-based coalition to implement a community needs assessment focusing on a shared risk and protective factor approach to prevent sexual violence.

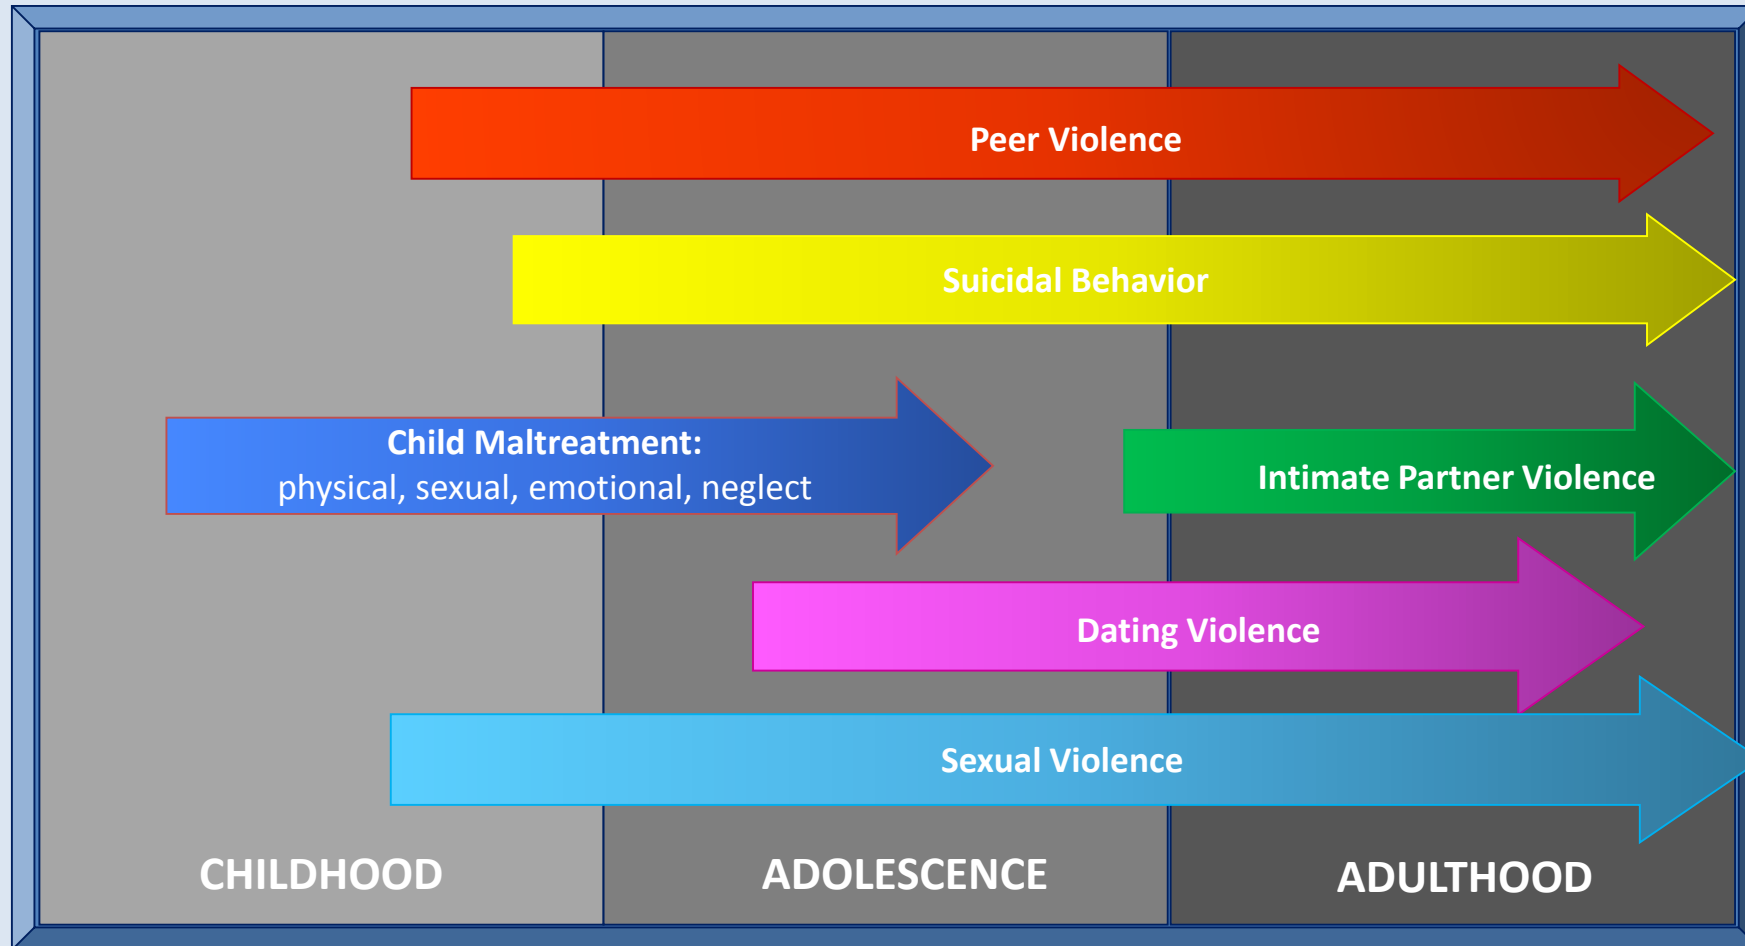

What is a Shared Risk and Protective Factor Approach?

- CDC Connecting the Dots (2014)
https://www.cdc.gov/violenceprevention/pdf/connecting_the_dots-a.pdf
- People don't live in vacuums, they live within families, schools, neighborhoods and a broader community
- Using this approach provides opportunities to:
 - Prevent multiple forms of violence simultaneously
 - Develop new partnerships
 - Leverage resources/funding streams
 - Consider a larger pool of strategies

Factors that Affect Health

Different Forms of Violence

What is a Shared Risk and Protective Factor Approach?

Shared Risk and Protective Factor Chart for Violence									
Type of Violence Perpetration									
		Child Maltreatment	Teen Dating Violence	Intimate Partner Violence	Sexual Violence	Youth Violence	Bullying	Suicide	Elder Maltreatment
Risk Factors									
Community	Neighborhood Poverty	X		X	X	X		X	
	High alcohol outlet density	X		X	X	X		X	
	Community Violence	X			X	X	X		
	Diminished economic opportunities/high unemployment rates	X		X	X	X		X	
	Poor neighborhood support and cohesion	X	X	X		X		X	
Societal	Cultural norms that support aggression toward others	X	X	X	X	X			X
	Media Violence				X	X	X	X	
	Societal income inequity	X		X		X	X		
	Weak health, educational, economic, and social policies/laws	X		X	X			X	
	Harmful norms around masculinity/femininity	X	X	X	X	X	X		

What is a Shared Risk and Protective Factor Approach?

Type of Violence Perpetration									
		Child Maltreatment	Teen Dating Violence	Intimate Partner Violence	Sexual Violence	Youth Violence	Bullying	Suicide	Elder Maltreatment
Protective Factors									
Community	Coordination of resources and services among community agencies	X		X				X	X
	Access to mental health and substance abuse services	X						X	
	Community support/connectedness	X		X	X	X		X	X

One Additional Protective Factor

- Gender Equity as a Protective Factor

Who May Apply?

- Private or public non-profit, community and faith-based organizations and units of local government are eligible to apply for this grant.

Date Application is Due

- Application Due by 5 p.m. December 15, 2017
- Send U.S. Mail to Laurie Hart, SVPE Coordinator, Kansas Department of Health and Environment, Bureau of Health Promotion, 1000 SW Jackson, Suite 230, Topeka, KS 66612
- Send them electronically to: Laurie.Hart@ks.gov. Please call Laurie at 785-296-8476 after you submit your application electronically to ensure we have received it.

Application Package

- There are several parts of the application:
 - Grant Application document (online document)
 - Budget Summary Form (online document)
 - Budget Narrative (online document)
 - Letters of Support (at least three from agencies involved in your community-based coalition)

The first three forms can be found at:

<http://www.kdheks.gov/rpe/index.html>

How Many Awards Will Be Given Out?

- 2 (Approximately \$50,000 each)
- Must budget for a coordinator to be the point of contact and assist with overseeing this assessment.
- Include in your budget for at least one person to attend a Crime Prevention Through Environmental Design Training in Kansas City, KS, January 22-26, 2018 including a \$20 registration fee.

Project Period

- January 15, 2018 through January 15, 2019

Description

- Awardee will have an established active community-based coalition that is already focusing on the prevention of violence/abuse/unhealthy behaviors and/or promotion of health.
- The funded agency will assist the coalition with identifying new members who will provide additional expertise to this need assessment.
- Awardee's coalition will work with the funded agency, KDHE and KDHE funded evaluator to conduct a community needs assessment focusing on the shared risk and protective factors at the community/societal levels of the social ecological model (see Appendix A) that are shared between sexual violence and other forms of violence.

Description

- Awardee activities will use the public health approach and the Centers for Disease Control and Prevention (CDC) Connecting the Dots resource in implementing their needs assessment.
- At the end of the project period, awardees will use the needs assessment data to report findings and identify next steps for developing an action plan.

Responsibilities of the KDHE SVPE Program

- Provide technical assistance in the enhancement of the community-based coalition ensuring that community members are added who could provide expertise to the needs assessment and the subject matter.
- Provide technical assistance, with the help of a KDHE SVPE contracted evaluator, to assist in the development and implementation of the community needs assessment based on a community/societal level shared risk and protective factor approach.
- Provide technical assistance, with the help of a KDHE SVPE contracted evaluator, to assist in the development of a needs assessment report.
- Provide training on how to facilitate coalition meetings and implementing potential community-level strategies.

Responsibilities of Grantee

- Enhance active community-based coalition to focus on cross cutting risk & protective factors that connect sexual violence with other forms of violence.
- Work with the KDHE SVPE Coordinator and KDHE SVPE's contracted evaluator to develop and implement a community needs assessment that is based on a community/societal level shared risk and protective factor approach.
- Work with the KDHE SVPE Coordinator and KDHE SVPE's contracted evaluator to develop a needs assessment report.
- Plan to attend monthly calls with KDHE SVPE Coordinator
- Hire coordinator to oversee this assessment.
- Send at least one person to a 40 hour training in Kansas City, KS on the Crime Prevention Through Environmental Design scheduled for January 22-26, 2018.
- Attending all trainings and meetings required by the KDHE SVPE Program

Questions and Responses

- Is this opportunity for new coalitions or coalitions who are not established?
- This opportunity is for those communities who have established coalitions. The focus of the coalition does not necessarily be sexual violence. The coalition does not need to have a history of working on sexual violence prevention.

Questions and Responses

- Our coalition has experienced facilitating coalitions. Can you tell me more about the facilitation training?
- The facilitation training that you will receive through the KDHE SVPE Needs Assessment funding is the Technology of Participation (TOP) training <https://icausa.memberclicks.net/about-us>. TOP provides training, using specific interactive methods to enhance one's facilitation and leadership skills. The methods you will learn will enhance your ability to help your coalition think, talk and work together. You do not need to include a line item in your budget to cover costs related to the TOP training. The KDHE SVPE program will cover these costs.
